

Work stuff

Handling and operating your machine is a daily necessity. We can provide you with workwear and other items to kit out your team for you.

Whether you handle all of the work and handling yourself, or have a team of people working for you.

Those involved are seen by your customers, let them be seen with a professional appearance, with equipment and workwear that we recommend. Make their life easier.

A monitoring system, contactless terminal and different coin options can be added
